

Thanks to its slim design, our wall-mounted unit blends in with your interior discreetly while helping you save valuable floor space.

## Slim design

Daikin Altherma HPC is a compact unit made of a design metal casing including all valves.

## Controls

Choice of:

- > Fully modulating controller allowing for remote control of the unit.
- > Infrared remote controller and on-board touch panel.

### EKWHCTRL1

- > Wall controller
- > Fully modulating

### Infrared remote controller

## Compactness

- 1 SLIM DEPTH**  
The depth of 129 mm is an outstanding technical achievement that ensures a perfect fit in any home.

- 2 MORE SPACE FOR VALVES**  
Ease of installation: the space for hydraulic valves is wide and easily accessible.

- 3 MODULATED AIRFLOW**  
When there is less heating demand, the unit modulates its airflow to slow down the fan rate, and in the process, lowers the operational sound. A standard ON/OFF fan running simultaneously at full speed can increase sound pressure.
